

INTERESTING INVERTEBRATES

Across:

1. I have two big pincers and a big tail that people like to eat with butter. **LOBSTER**
3. I carry a home with me. When I get too big for it, I have to find another one. **HERMIT CRAB**
7. We don't live in the ocean, but there are more of us than any other type of animal in the world. **INSECTS**
9. Most animals without backbones live here. It's salty! **OCEAN**
10. I'm an animal but I don't really move. I'm full of holes and you might use me to clean up in a bathtub. **SPONGE**
11. Some people think I'm dangerous, because of my pointy tail, but I can't hurt anyone. My tail helps me right myself when I get turned upside-down. **HORSESHOE CRAB**
12. An animal without a backbone. **INVERTEBRATE**
16. I usually have five arms and look like something you would see in the night sky, but I'm not a fish. **SEASTAR**
17. I'm famous because clownfish live in my tentacles. **ANEMONE**

Down:

2. I have two shells that I can hold together very tightly. People used to use my shell as money. **CLAM**
4. I'm pretty small, but I live in huge colonies. I can make some of the biggest structures in the world called reefs. **CORAL**
5. A place near the ocean where you have fun during the summer. You can find lots of shells washed up. **BEACH**
6. I'm the smartest animal without a backbone. I also have eight arms. **OCTOPUS**
8. Fish, birds and people have these in their bodies, but bugs, worms and shrimp do not. **BONES**
13. I stay underground most of the time and I'm pretty good to take fishing. **WORM**
14. I look like a porcupine but I don't have any bones **URCHIN**
15. I've got two pincers and when you are in a bad mood, people may think you are being like me. **CRAB**
18. A wonderful place to see ocean life in Camden, NJ. **ADVENTURE AQUARIUM**
19. I'm the biggest animal without a backbone and I live in the deepest parts of the ocean. I have to fight with whales because they try to eat me. **GIANT SQUID**
